AUTISM MYTHBUSTERS

**WEDNESDAY, APRIL 24, 2019 | 6-8 PM
MARTIN DE PORRES CENTER**

2330 Airport Dr, Columbus
(614) 416-1910 | martindeporrescenter.net

Autism Spectrum Disorder is estimated to affect one in 59 children in the US. Although it's becoming more and more common, there are still many misconceptions regarding the disorder. Help us bust some of these myths and learn more about ASD as we welcome the Autism Society Central Ohio for a special evening of learning. A panel of educators, parents, and others will also share real-life experiences living with autism.
